(Prefatory Note: Much of the material in this ROCKWELL REPORT was originally printed in our 5th issue back in 1961. Long before that, in a pamphlet on the U-2 incident, I had predicted the rise of a Jew who would follow Kennedy, whom I predicted would be elected in 1960. Then, in my book, This Time the World, readers can check and see that I predicted in 1960 when the book was written the probable nomination of Goldwater following Kennedy. Since then, there have been many, many new developments to add to the general picture of Goldwater as the Jewish faker I expected and predicted even before he became nationally prominent. Thus, this special report is a compilation of all we have ever put together on Mr. Goldwater, plus many brand new revelations which every sincere patriot should study and use to evaluate the most dangerous situation White, Christian America has ever faced.)

* * * * * * *

I attended my first "conservative" meeting in Los Angeles as a U.S. Navy Commander more than fourteen years ago.

At that meeting, and hundreds of other rightist meetings I have since attended, there was one prayer on every lip and in every heart: "God, give us a LEADER!"

Douglas MacArthur was the first almost worshipped candidate. I myself was one of the most worshipful.

But Douglas Mac Arthur refused to lead.

Joe McCarthy was next, and I was no less worshipful of this great fighter for America.

But Joe McCarthy, as most "conservatives" still do, tried to avoid charges of "anti-Semitism", by installing two Jews, Cohn and Schine, as his top assistants. These two "good" Jews were the excuse for "getting" Joe McCarthy. (Cohn, in the name of McCarthy, heckled the Army for privileges for Private Schine, thus providing Ike--who now backs Barry--with the lame excuse for "censuring" the great Joe McCarthy.)

It should be remembered that Ike Eisenhower, who entertained Khrushchev at the White House for dinner, later invited all U.S. senators and their wives EXCEPT Senator Joe McCarthy to a White House dinner! Ike then engineered the disgraceful "purge" of fighting Joe McCarthy! (The same Ike is now, strangely, HELPING Barry Goldwater!)

Since the decline and fall of first MacArthur and then McCarthy, millions and millions of patriotic Americans have been hungry--even starving--for leadership. There have been a lot of "little" leaders: Dean Manion, Robert Welch, T. Coleman Andrews, Admiral Crommelin, Gov. Wallace, et al. There was even a time, for a few months, when General Walker could have filled the bill. But he proved too poor a speaker and politician for the job. There have been no national leaders around whom the voiceless and leaderless millions of Americans could rally.

Whenever any man has arisen in America and REALLY hurt the filthy swine who are out to destroy this wonderful White, Christian American Republic so that they can set up a Marxist Socialist tyranny--every media of public information and entertainment, from the Worker to the New York Times, and from the cheesiest local commentator to the big guns like Drew Pearson, has smeared and blasted the "guilty" American mercilessly and viciously. McCarthy was a good recent example, and so was Lindbergh, not so recently.

Men who really seem DANGEROUS to the Communist conspiracy are lied about, smeared, viciously misrepresented and attacked in every underhanded, dirty manner conceivable. Experienced "conservatives" should need no teaching on this subject. And the attacks do not stop until the would-be destroyer of Communism is himself destroyed. There is no half-way about it. Lindbergh was driven to obscurity; Forrestal "jumped" out of a window at Bethesda; and McCarthy was hounded until he, too, died in Bethesda. We might also mention that MacArthur did not win any great position of leadership as befit his genius and experience.

No Smears For Barry

But, most strange to observe, Mr. Goldwater suffers none of the vitriolic attacks of all the other anti-Communist heroes before him.

An examination of Jewish and pro-Communist periodicals clearly shows that, while these people scream and howl in the GENTILE press against Barry Goldwater, the story is quite different in their own press. In most cases, they do not discuss him at all. Veterans of the battle against Communism will remember that as long as McCarthy was so much as alive, the Worker and Jewish papers all over America screamed hysterically, page after page, issue after issue, about this "monster". In the middle of the campaign in California and the nomination, the California Jewish Voice, the B'nai B'rith Messenger and most of the rest of this sort of publication maintained close to absolute silence about Barry Goldwater. In fact, the B'nai B'rith Messenger actually ran a full-page ad FOR Barry Goldwater!

Sure he gets slapped on the wrist by such Jew rags as the Washington Post. It would be impossible to avoid that. But he is not called a "queer", a "coward", or charged with being "in love with his office staff", nor are his taxes hauled up for years back, or his service record smeared.

Goldwater is never portrayed as a filthy sewer rat, with heavy beard and a trowelful of unmentionable filth--as was Joe McCarthy. Instead, he is depicted as a partisan economic reactionary--which is neatly calculated to win over the frightened rich men who resent their money being confiscated by big government.

I shall never, never forget the sort of slime, garbage and unspeakable filth they poured over Joe McCarthy, Forrestal and such fighters. Any man who stand up and really hurts the Red rats, Zionist snakes and race-mixing degenerates ALWAYS gets called a "queer". That's one of the very first attacks of the brotherhood. They called Forrestal a coward who deserted his wife, McCarthy "pink card Joe", etc. There is no limit to what the Jews will call a REAL enemy.

But they never actually SMEAR Goldwater!

Do not protest that Barry is too "pure" for this sort of thing. His own authorized biography from Wood & Smith is FULL of stuff like bicycle-stealing, play-boying, etc., for a beautiful smear job. BUT IT IS NEVER, NEVER USED!--not by Drew Pearson (who lovingly reports Mrs. Pearson is a Goldwater "fan"), not by "Izzy" Winchell, not by Walter Lipmann--not even by Confidential. IN FACT, JEW CONFIDENTIAL MAGAZINE COMES OUT IN ITS JULY ISSUE WITH A BIG ARTICLE ATTACKING ME FOR ATTACKING GOLDWATER!!!

And, surprisingly, the precise same lies as will be found in Jew Confidential (attacking me and defending Barry), will be found in the pamphlet of a one-time sincere patriot named Joe Kamp--also championing the Hebrew savior of America! Kamp, with typical, "powerful" reasoning, points out that I planned to run in New Hampshire as a "Democrat"--thus PROVING, as he claims, that I am a dirty "socialist"--like Democrat Harry Byrd, or George Wallace, for instance, those sterling "socialists"?!!

The rabidly liberal, violently race-mixing Jewish ex-con, Harry Golden, has also gloated about Goldwater in his paper The Carolina Israelite, declaring that he always knew Goldwater would be "the first Jewish president of the United States"!

Even more important, as we begin to test the possibility that Goldwater is a set-up to steal the leadership of the "conservatives" for the same gang of shysters who stole the Republicans, is the fact that the **MAIN THING WHICH CATAPULTED GOLDWATER INTO NATIONAL PROMINENCE, AND THUS LEADERSHIP OF THE RIGHT WING** --as admitted in Goldwater's biography on page 15-- **WAS THE PUBLIC ATTACK ON HIM BY WALTER REUTHER!**

Barry's Big Build-Up

Men do not accidently become famous in today's mass-media dominated America. Either they plot and plan their own rise, as I did mine, or they are PUSHED up by conscious political forces, using all the techniques of Madison Avenue.

Goldwater's handy image as an arch "conservative" at exactly the right time to move into leadership of the millions of outraged Americans who have had a gut-ful of leftism, shows up, when examined clinically, as a precisely PLANNED piece of political strategy--and a damned masterful one at that! And we believe it will work! The "conservatives" are still lulling themselves with the pleasant dream that they can TALK tyrants out of power, and won't have to get "nasty" like us, or to a lesser degree like the Birchers.

People always object, when we blast Goldwater, "Who else could possibly lead us now?".

Congress, both the Senate and the House, is full of great and good men who could lead and would lead--IF THEY HAD THE PROPER BUILD-UP FOR THEIR IMAGE IN THE NATIONAL CONSCIOUSNESS. Senator John G. Tower, for instance, has a higher rating by Americans for Constitutional Action (100 per cent against Goldwater's 99 per cent), is a Christian, a fine man, and has all the necessary capabilities for leadership.

But one hardly ever hears of him. All the build-up in the press is for the JEWISH "leader".

Thirst For Leadership

I myself know the desperate, hungry, parched feeling of wanting leadership so bad you can taste it! I have suffered from that feeling ever since they "got" the great Joe McCarthy. Millions of us have been wandering around in the desert of treason, betrayal and racial disgrace which has become "America", famished for leadership, for an old-fashioned MAN!

Suddenly, out of nowhere, a part-Jew named Barry Goldwater "arose" as a "national leader"! And, predictably, the starving, thirsting, desperate millions of patriotic Americans scrambled aboard

his "bandwagon". Today, even some "anti-Semites" are beginning to coo like pigeons around Goldwater's feet. The anti-Semitic KLAN is praising Barry. To stand up to the Goldwaterites today, if you are a rightist--is almost "sure death". It costs money!

I can thoroughly understand this craze for Goldwater.

When a man who is dying of thirst in the blazing hot desert crawls and drags himself up to the cool, water-hole and is about to drink at long, long last--and you suddenly push him away, and tell him the water is POISONED--it is easy to understand that the man won't want to listen, and may kill you for interfering with his "survival"--as he sees it.

That's the reaction of some of my best friends in the movement, when I try to point out the deadly signs that the "Goldwater-hole" is POISONED. The desperate, frantic, hysterical rightists, starved and almost dying for leadership, attack me viciously as being everything from an agent for the Jewish Anti-Defamation League to an outright Jew and/or Communist.

I will be running for Governor of Virginia during all this next year. Believe it or not (and in spite of the blackout in the press), I have an excellent chance to WIN! There is a power vacuum in Virginia (with an all-out attack on the Byrd machine) and no politician of stature to fill it. I have the best chance of ANYBODY to win. But the good, solid, White Christians of Virginia are almost literally CRAZY about Goldwater. Attacking Goldwater might very well cost me the election. The pressures on me NOT to fight, to endorse "good ol' Barry" have been almost unbearable. A lot of other rightists, fearful of losing support, have bowed to these pressures. I refuse to abandon what I believe to be the TRUTH, our only sure weapon. This booklet is my sincere effort to show Americans, no matter how hungry they may be for a pro-American leader, that the "GOLDWATER-HOLE" is poisoned!--that Barry is a FAKE--another "Ike".

I believe that what support I lose now by telling the truth, I will gain later when honest folks remember how I stood up in spite of everything, and told them what turned out to be the deadly TRUTH--while all the others were joining the "easy way" chorus.

Before I start presenting the evidence against Barry, however, let me ask the rabid pro-Goldwaterites one thing.

Remember how the enemy had a ball with the "endorsement" of the Ku Klux Klan for Goldwater?

Can you imagine what fun they would have if the Nazis endorsed Barry?

Actually, if we were fakers, it would be easy for me to set up a "Gestapo For Goldwater" movement. If I endorsed Goldwater, all those who now damn me for being AGAINST Goldwater would be raging that I am trying to ruin him by association!

Is that not true?

There is simply no "trick" here. I hunger for national, patriotic right-wing leadership as much as anybody else.

But I am not so hysterical and blind that I cannot recognize a Madison Avenue build-up when I see one. And I do not underestimate the Jews. They know, as well as we do, how hungry we all are for leadership. They are NOT stupid. And they knew that if THEY didn't fill the post with THEIR man--sooner or later WE would find a real leader!

In short, knowing that there are millions of us crawling around in the desert looking for a water hole, and knowing that sooner or later we would find a REAL one, gain strength, and rise up and smite down their damnable treason and race-mixing --they SUCKED US INTO THE "GOLDWATER-HOLE".

And we haven't got TIME for another betrayal!

We are living in the last moments of the American Constitutional Republic--and the last moments of the decent, WHITE, CHRISTIAN America we have known.

Unless we can muster the unity and strength to stand up at last, we will perish.

And if we follow a faker, we will NOT be standing up--we will be POISONING OURSELVES and throwing away our last chance.

The fatal question, therefore, is: "Is Barry Goldwater a FAKER?"

I believe I can prove to any thinking person in America, with facts, that he IS.

This Report will present those facts to YOU, for YOUR judgment.

YOU Judge The Facts

I have little hope that I can stop the Goldwater juggernaut, now, even if we could circulate a billion of these Reports. People are no longer thinking rationally on the matter. Like the dying man at the water-hole, they WILL drink the "Gold-water", and any effort to try to stop them will only get me hated more ... NOW.

My purpose is to prepare for the FUTURE.

I want top, American patriots to remember what I now write, no matter how mad they get at me. When Goldwater betrays us, as he will, their emotions will be reversed. They will then be fanatically on OUR side, on AMERICA'S side, instead of worshipping a half-Jew who shouted in Madison Square Garden, "I have never known a Jew who wasn't a patriot!"

There are those who wil be bigotedly sure that we are against Barry Goldwater only because he is Jewish. (And to those shallow thinkers who claim that Jews are "only a religion" like Baptists, for instance, and who deny that Goldwater is Jewish because he goes to the Episcopal Church, we must point out that Goldwater himself has said that he is proud of his Jewish race and heritage. You can't tell a Baptist from a Catholic by looking at their faces, but you can sure tell SOME Jews just by one look at their thoroughly Jewish FACE, which they most surely do not develop sitting in a synagogue. Jewishness is not only just a religion, it is also a race, and, as in Israel, also a nationality.)

And let us admit right at the beginning of this Report that we ARE prejudiced against Jews, just as I was "prejudiced" against all Japs during World War II, even though many Japs were not militarists. I am also prejudiced against skunks, and leave the area when one moves in, even though some skunks are de-skunked. Jews, as a group, represent less than 3% of our people, but they have provided over 90% of our Soviet spies and Communist leaders. At the same time, while not all Jews are leftists, and certainly not all leftists are Jews, MORE than 90% of the Jews are radically to the left, which they do not deny in their own Jewish press. Therefore, we feel scientifically justified in "pre-judging" any new, un-tested Jew as a leftist at least, until we have reason to believe otherwise. And we haven't found many occasions when we can happily conclude we have discovered a non-leftist Jew.

Jews & Communism

But the knowledge of the FACTS that, (1) Jewry is strongly left-wing, (2) a damning proportion of Jews are Communists and Communist leaders, and (3) almost ALL of our Communist spies (14 out of 16 since World War II) have been Jews--in spite of all this, we have not permitted Barry Goldwater's Jewishness to color our cold political appraisal of this "conservative leader".

We will also admit that Barry Goldwater is handsome and extremely engaging as a man. He certainly looks better than anything on the political scene we must suffer today. He looks like a MAN. We will admit that he is a brilliant political strategist. We admit that he MIGHT be sincere. We will even go so far as to admit that it is barely possible he MIGHT be the man to lead this country out of the most dangerous crisis it has ever faced.

BUT THESE ARE NOT TIMES FOR ANY MIGHT's OR MAYBE's!

Our White, Christian American Republic is stepping up to bat with two-and-a-half strikes already against it, a minute to go, and the opposition so far ahead that the gallery has already given us up for lost and is walking out on us. In such a desperate situation, we can't take any chances we don't have to take.

And we claim that, with the Communists and the "liberals" swarming with Jews and led by Jews, it is at the very least, a foolish chance to install another Jew as the leader of the opposition to what has been created and sparked by his fellow Jews.

In 1941, when we were at war with Japan, there were many Japs who were loyal to America. But we did NOT put them at the head of our Army to fight Japan. In fact, we put them into concentration camps, in many cases most unjustly, with the excuse that the public interest demanded that America just not take the chance.

We say that, regardless of the merits of Mr. Goldwater, America just CANNOT AFFORD to put a Jew at the head of its fight against Jewish Communism and Jewish "liberalism". --Not while there are thousands of AMERICANS, not Jewish, who could also lead the fight if given a chance. The Congress now abounds with vigorous young "conservatives". Why MUST we have a Jew on OUR side, too, when the OTHER side is also led and sparked by Jews? Are only Jews possessed of the political abilities to lead us dumb, stupid Americans?

However, the matter is not so simple that we have no other reasons against Mr. Goldwater's leadership of our side.

Mr. Goldwater's record not only does not provide any reassurance that he is sincere as a "conservative", but there are very substantial indications that he is 100% phony. And there is nothing in the world more dangerous than a "dear friend" you trust mistakenly--except a "leader" in whose hands you wrongly place your fate, and the fate of all you hold dear. Remember IKE?

The FACTS of Barry Goldwater's miraculous rise" as the White Knight of Conservatism, viewed against the background of Eisenhower's similar rise to "leadership" (sabotage) of the Republican Party, are worse than disturbing. They are frightening!

Let's review those FACTS. Most of them were obtained from Goldwater's authorized biography by Wood & Smith and can be checked by anybody with 50¢ for the pocket-book edition.

First, we must apologize for bringing in Mr. Goldwater's forebears. The son is certainly not responsible for the "sins" of the father. (Mine just LOVES Jews, for instance.) Nevertheless, we must mention a few facts about the Goldwater family in early Arizona to make the picture complete, and perhaps to show that the leopard does not change his spots.

The Goldwaters first moved West at the time of the Gold Rush. But they didn't go to DIG for their gold, like the Gentile miners, even though there were no "ghetto" restrictions on them, as Jew apologists never tire of explaining to excuse the awful history of Jewish economic rapacity and usury. Instead of a mine, the Goldwaters opened a saloon and whore-house with a fancy gold sign, "Goldwater & Brother". And they soon began taking their gold out of the miners' pockets.

Barry's uncle, Morris, for whom he is named, got himself appointed telegrapher for the area, and picked up all the confidential information on Army freighting contracts, which the family then used to run Gentile freighters (who had no such source of confidential information) out of business.

Joseph Goldwater, meanwhile, went to San Francisco as purchasing agent, and got hauled up in criminal court on charges of fraud.

"Big Mike" Goldwater, the bull-Jew of the outfit, ran the local lottery, and thus cleaned up more bags of gold-dust from the hard-working miners.

On January 1, 1909, Baron Goldwater had a son--Barry Morris.

The young boy started early in his career by stealing a bicycle, dismantling it, and hiding it in his attic--as a "prank", his loving biographers explain. Most boys today, whose fathers do not own big department stores, would not fare so well with such "pranks".

At Arizona University he was a very successful playboy with a big car and plenty of money, but not such a whirlwind as a student. He lasted only one year, before going back to Daddy's big department store, where he quickly "rose through the ranks" to be owner and president!

The war came along, and Barry went into the Air Corps, where he got mixed up in another of his "pranks".

Readers who have rotted in loneliness at some overseas base in wartime will recall the poignant longing to get home to "the States" for a visit. Mr. Goldwater was stationed in India, it seems, when he received a message which he understood to say, "by first available aircraft, return to the U.S.". So he took a government aircraft and rounded up a crew, and flew the 13,000 miles home--only to learn that the message was misread, and actually said, "Major Crosswell, by first available aircraft, return to the U.S."! He then flew back to India, after, it must be supposed, a happy visit stateside.

After the war, Goldwater worked for a while managing his millions in the department store, and then took a fling at politics.

Barry "Becomes A Republican"

On page 15 of his biography, one may read the candid and sordid story of how this passionate conservative Republican got that way. His brother Bob and he decided that it would be "good for business if one of them were a Democrat and one a Republican"! So they tossed to see who had to be the Republican, and Barry "won"!!! Perhaps, if there had been a third side of the coin, he might even have turned out to be a Nazi.

GOLDWATER --Civil Rights Fighter

He ran for Tucson City Council, making his strongest pitch to the Negroes and Mexicans, whom he won over with his promises of the most extensive possible integration. He also had the support, according to his own biographers of the bookies, whores and madams in town. With plenty of funds behind him, and the most demagogic of political exploitation of the Negro issue, he won a seat.

And he made good on his integration promises. As one of the most fanatical race-mixers in Arizona, he immediately fought for and obtained total integration at the Phoenix Airport and in the Arizona National Guard!

In his first campaign for the Senate, he chose as his campaign manager a Democrat, who had managed the Democratic Senator Hayden, before him.

Barry Blasted Joe McCarthy

During the McCarthy times, Goldwater did not openly attack the Senator, but "damned him with faint praise". He went so far as to deplore McCarthy's extreme and venomous attacks", and stated that McCarthy often went "off half-cocked or not cocked at all!"

Perhaps all these items seem insignificant in judging Goldwater's fitness to lead America's desperate last-ditch battle against militant Communism. But the next bit, I believe, is pure dynamite to any claim that Goldwater is a sincere "conservative".

Supported Ike Over Conservative Taft

Goldwater was supposed to be a strong Taft man at the time of the Republican convention in 1952. But at the Arizona nominating convention, a gang of the same kind of phony "Republicans" as stole the Texas delegation, appeared in the Arizona convention as "young Republicans", and began arrogantly pushing Eisenhower. The convention was solidly conservative and for Taft, but the "young Republicans" began to elbow them out and force their way in, in the familiar Communist tactic. The traditional Republicans were horrified and attempted to squelch the would-be convention-stealers. They had the phonies on the way out--when our friend Goldwater jumped in with everything he had.

"I'M FOR EISENHOWER!", he shouted, "I want to see these young Republicans get a fair shake at this convention!" He proceeded to push this line so successfully that the Arizona delegation lined up for the great "conservative", Eisenhower, thanks to the great "conservative", Goldwater! When the chips were really down, Barry did not back Mr. Taft, but IKE.

Then, in spite of Goldwater's torpedoing of Taft in 1952, Taft put Goldwater on the LABOR Committee, believe it or not! From this vantage point, Goldwater was able to put real muscle into the image he was building of himself as the enemy of labor, and Reuther in particular.

Nobody would have noticed much, however, because there were many others doing the same thing.

Goldwater went through the motions of badgering Reuther, to which the CIO boss responded by "blasting" Goldwater as "the" enemy of Big Labor and the friend of Big Business all over the front pages. Just in case anybody had missed the point, Goldwater then called Reuther "the most dangerous man in America", and in April 1957 made his famous Senate speech attacking labor unmercifully and making an open bid as an arch-reactionary.

(Let any reader who doubts the effectiveness of this technique imagine what it would do for me, for instance, were Martin Luther King, Bayard Rustin, Malcolm X, A. Philip Randolph and Gus Hall to spend most of their time and exposure in the press and on TV BLASTING GEORGE LINCOLN ROCKWELL AS THEIR "ARCH ENEMY".)

(It is just possible, that as the "White Backlash" continues to spread, the clever manipulators will set up and promote their OWN "White leader" by precisely this technique to emasculate the racist movement whenever it gains real strength. I expect this development soon.)

Lets Red Reuther Go!

We next find both John Kennedy and Goldwater on the McClellan Labor-Racketeering Committee. Jimmy Hoffa was being hounded and pilloried as THE Labor Monster of America. But nobody, including Goldwater, seemed interested in investigating Reuther, whom Goldwater had called the most dangerous man in America.

Goldwater was right there on the Committee all the time, while this "most dangerous man" was not being investigated. Finally, to preserve appearances, Reuther was called in for a polite little token visit before the Committee. With Mr. Goldwater still right there on the panel, Mr. Reuther was white-washed as "lily white"!!!!!

Barry did nothing about this outrage until Mr. Reuther was safely gone. Then he railed at Robert Kennedy for not going after Reuther. Kennedy asked if Goldwater wanted Reuther recalled for another hearing, as he reports in his book. But the great Reuther-hater replied that he did not--that he had to "get back to Arizona". When Kennedy taxed him with the duplicity of this act, Goldwater shrugged, "That's politics!"

It may be politics, but it is not the kind we need in the the man WE want.

Puts Goldberg On Supreme Court

Again, when Reuther's top lawyer in the CIO, Arthur Goldberg, appeared before the Senate Labor Committee for confirmation as Secretary of Labor, Barry Goldwater RAILROADED the confirmation through the Committee so fast they didn't even hold the usual open hearing, but confirmed Goldberg ON THE SPOT--an unheard of thing in the staid Senate of the United States! The fact that Goldberg was a member of the Communist National Lawyers' Guild, a lawyer for the Communist-aiding American Civil Liberties Union and a member or associate of four other Red front organizations was completely covered up by Barry Goldwater!

In 1958 Goldwater, the great enemy of Big Labor, received the largest single contribution in his Senate campaign from one Willie Bioff, convicted labor racketeer and shake-down artist!!!

The official records also show that another one of Goldwater's biggest backers was that well-known, stodgy, old conservative, Henry Luce--of "right-wing" Time-Life, Inc.! (His wife, Clare Booth Luce, is currently one of Barry's ardent supporters. This is the same Clare Booth who, writing for McCall's magazine, gushed all over the place about Eleanor Roosevelt, saying she "positively adored" this vicious, old Red hag.)

In the same 1958 campaign, Barry was fortunate enough to have a very, very dirty trick played on him, so that he squeaked by in the election, when the odds were all against him. He needed a miracle --- when Arizona was suddenly flooded with leaflets showing Joe Stalin saying "I'm for Goldwater!"!

This horrible and obviously unfair attack had Arizona in an uproar, and, of course, as anyone could have foreseen, "backfired". At just the right moment, it kept Goldwater on the front-pages with oceans of warm, wet sympathy from everybody, including his opponents.

Later, more quietly, a Jewish gentleman name of Goldberg was uncovered and proved to have been the nasty character who did this vile thing which almost "ruined" Mr. Goldwater. That's GoldWATER, not GoldBERG.

Which Way The Wind Blows

It is not pretended that the next bits of information are "criminal" or even "incriminating". But they do show which way the wind blows. Two years ago, Goldwater boasted that his daughter was planning to apply to join a "kibbutz", a communistic collective farm in Israel, in which the male and female young "workers" live together in the most disgusting kind of communistic "sexual freedom". Meanwhile, Goldwater also announced, proudly, that his son would apply for the Marxist-socialist "Peace Corps".

A more trifling matter is Goldwater's habits with cash. Again, his biographers explain it as the need to avoid being overly generous, but Mr. Goldwater carries no CASH with him so he can never pay any checks! He may not be Jewish, but this is a good way to imitate one.

Barry's "HEROES"!

A check of the files of the New York Times will prove that Barry Goldwater stated that, in his opinion, Harry Truman "was one of our greatest presidents"!

On August 9, 1961, Goldwater insisted that Republicans should not waste their time opposing J. William Fulbright, the internationalist and often Red Party-lining Senator from Arkansas who has been exposed by Senator Strom Thurman. Goldwater's exact words, among others, were, "We don't have anything against Bill".

Goldwater has said Nelson Rockefeller is a "beacon of courage", and that, "There are only very slight policy differences between Mr. Rockefeller and myself".

Goldwater has publicly stated he endorses and would vote for JACOB JAVITS--the New York Jew "Republican" who is one of the worst race-mixers and radicals in Congress!

On March 31, 1962, Goldwater praised Robert F. Kennedy to the skies as a "hard-hitting salesman of American ideals"! Goldwater also voted to confirm Robert F. Kennedy as U.S. Attorney General, in spite of clear personal knowledge of what Kennedy planned for the South and Constitutional Government.

Goldwater further voted to confirm ultra-leftist Negro NAACP leader, Thurgood Marshall, to be a FEDERAL JUDGE!

At a "We the People" rally, Goldwater insisted that Lewis Lichtenstein Strauss, one of the worst Zionists in America, was the Nation's "greatest patriot"! For the benefit of patriots, Mr. Strauss is a partner of Kuhn, Loeb & Company, which financed the Red Revolution in Russia, slaughtering millions of Christians. Kuhn, Loeb & Co. and its officers, contributed over twenty million dollars to this criminal Bolshevik government in Russia.

Barry Attacks Birch Leader

Simultaneously with the leftist Americans for Democratic Action (ADA), Goldwater had brutally blasted Robert Welch, and called for Welch's resignation as head of the John Birch Society, because, he explains, he deplores Welch's power arbitrarily to dismiss from the Society anyone he considers undesirable. This power, which Mr. Welch has very prudently reserved, is the ONLY way anti-Communist organizations can prevent being taken over or destroyed by infiltrators. The fanatical rats of the Communist Party can squirm their way into any parliamentary organization and will sooner or later use the organization's own rules to take it over, as has happened to many a labor union, for instance, unless the leadership has the power to put a quick end to this rotten game. Yet, strangely enough, THIS is the very power that Mr. Goldwater wants removed from Mr. Welch. (And Mr. Welch will never wake up, I feel sure, to this giva-away, but will continue to have his people work for Mr. Goldwater.)

While blasting anti-Communist Robert Welch, Goldwater made the horrifying statement in an interview with Gore Vidal, the playwright, that he is "in favor of teaching Communism in the schools" --offset, he hastens to remark, with suitable courses in American history. We presume he would also be in favor of teaching the kids from Lady Chatterley's Lover, Tropic of Cancer and Fanny Hill, so they would know the evils of pornography--offset, of course, by a few hours of good solid Bible-reading, etc. !

Barry's "Braintrust"

Goldwater is surrounded by what he half-laughingly calls his "brain-trusters". But there is nothing laughable about the membership of his "brain-trust". Among the leaders are Harry ROSENZWELD, a Jew from Arizona whom Goldwater himself credits with being "the man who got me into politics". Some of the others are Dennison Kitchel, his chief lieutenant and campaign chairman (Goldwater and Jack Kennedy got together in the Senate to put Kitchel in as NLRB labor boss), Raymond Moley, former Roosevelt aide, Mr. Kleindienst and GERHARD NIEMEYER--most of them from Harvard, the same Harvard gang which has spread Communism into our national body ever since 1932.

UNIVERSITY OF CHICAGO! Friedman is an advocate of a unilateral NO-TARIFF foreign import policy by the United States, which would result in catastrophe for millions of American businessmen and workers.

Barry's "Big Government" Baloney

Conservatives, especially kosher conservatives, are almost religious in their opposition to "big government" and their near-worship of Barry Goldwater as the guiding angel of the "less-big-government" movement.

In short, Barry Goldwater is supposed to be the angel of local government and the arch-enemy of bureaucracy, sprawling government and concentration of power.

Yet Barry Goldwater is one of the founders and top officers of the "National Municipal League", 47 E. 68th Street, New York City, the infamous "1313" Moscow-style organization which pushes all over America for huge city governments called "metros"--a new name for ending local self-government and establishing "Soviets" in all our cities and communities!

This organization, openly working for "1984"-style government in our cities and communities, is loaded with Council on Foreign Relations characters and associates--AND IS ALMOST DIRECTLY ACROSS THE STREET FROM THIS SAME COUNCIL ON FOREIGN RELATIONS. (At 58 E. 68th Street, New York City!)

Dan Smoot, of Dallas, Texas, has published no less than three most excellent exposés of this "metro government" Soviet-style promotion, of which BARRY GOLDWATER is a vice-president!

Can any sincere and thinking conservative truly believe that a man who is honestly against big government would support the subversive "metro" "1984" BIG GOVERNMENT FOR OUR CITIES AND COMMUNITIES?!

Alaska Mental Health Backer

Add to this the fact that Senator Goldwater was a sponsor and is a backer of the so-called "Alaska Mental Health Program", which made available a million acres in Alaska for a lunatic lockup, TO WHICH PATIENTS FROM ANY STATE IN THE UNION CAN BE TRANSFERRED! Is there any informed right-winger who is so naive he believes we need A MILLION-ACRE lunatic lock-up IN ALASKA?

Barry's International Record

While Goldwater has paid lip service to opposing the United Nations and the surrender of U.S. sovereignty, he not only voted for but actively pushes NATO and DEMANDS THAT WE TURN OVER OUR ATOMIC WEAPONS TO OUR NATO "ALLIES", ALMOST EVERY ONE OF WHICH ARE CRAWLING WITH COMMUNISTS AND SOVIET AGENTS!

Goldwater also voted for the status of forces treaty which puts our service men at the mercy of foreign courts, many of them Red, all over the world.

We have sketched some of the facts we have obtained from unimpeachable sources, many of them friendly to Mr. Goldwater, and we submit that they do NOT add up to a sincere "conservative" --and certainly not to a Taft, a McCarthy, a MacArthur or a Forrestal. They DO add up to a rich, slick political operator working the other side of the street from FDR's old stand, now that the suckers are wise to the latter's fakery. Goldwater is simply riding the wave of revulsion to the treason which began with Roosevelt--if his purpose is not more sinister.

But we think it IS more sinister.

We learned a lession from the Communists, liberals, Jews, and their ilk at the time of the capture of the Republican Party by Ike and his gang of phony Republicans. The "conservatives" have not learned, or they have forgotten.

The vicious, criminal gang which is perverting and subverting our American Republic into a Sovietized Social Democrary are NOT stupid. They are aware that what they are doing to America and our people--with their forced race-mixing, their surrender to Communism, their trivializing and negroidizing of our youth and all the rest of their disgusting program of rot and corruption--is NOT what the people really want. They utterly dominate all media of public information and entertainment. This is easy enough to document, item by item, but we will let the TV industry suffice as an example.

There are only three major networks, CBS, NBC and ABC. CBS is chairmaned by William Paley (Palinsky), a Russian Jew. NBC's chairman is Robert Sarnoff, a Russian Jew. And ABC's chairman is a man named Goldenson, another Russian Jew. Thus ALL TV material is in the hands of Jews. Even if there WERE a non-Jewish TV network, for instance, it would have to take Jewish programs, because ALL the production outfits, of which Music Corporation of America, is the biggest, are again, 100% Jewish!

It is the same with movies, magazines, books, and other means of education or information. And whereeever the Jews do not own direct control, they supply the major funds of such things as newspapers through their department store and supermarket advertising--almost 100% Jewish.

It is this brainwashing apparatus which is destroying our Republic and our people, and convincing them that resistence is useless. The people do not WANT to be Jewized and Negroidized and Sovietized, but every voice in the land keeps telling them they LOVE these things, and it is "bigotry" or "hate" to resist them.

But the conspirators could never survive an HONEST election, between uncompromising champions of REAL "conservativism" and the "liberal" imitation of a Communist state into which they are plunging us. They know with certainty that their depradations on our liberties, our traditions, our race, our morals, our culture, our government and all we treasure of America will inevitably produce a violent reaction from time to time. Once in a while, the beaten dog can't stand it any more and turns on the torturers with a growl.

McCarthy was one such a "growl" from real America. It scared the plotters to death. If ever another, more clever McCarthy got going, it would be the end of their rotten game.

Lead 'em when you can't lick 'em...

So they long ago developed a fool-proof method. for preventing any genuine pro-American movement from ever developing. They worked it first when they knew that their treason and arrogance during the Truman reign had produced such revulsion in the people that the Democrats would get tossed out, and there was a slight chance that an honest American might get IN. Taft wasn't the greatest American that ever lived, but he was certainly a sincere anti-Communist. If he ever got his hands on the records of treason being covered up now in the Federal Government, heads would roll, BIG heads. So the swine went to work to cheat America out of a genuine choice between a genuine Republican and a Democrat, by installing their own IKE as the Republican standard bearer. Thus they COULDN'T LOSE. Heads I win, tails you lose.

The wretches who manipulate all this from Wall Street and New York's lower East Side knew that THIS TIME they couldn't get away with the old swapping of a Democrat for a Republican anymore, with the voters waking up to the fact that BOTH parties were the same pro-Negro, pro-Jewish, anti-anti-Communist pinko outfit. A new alignment politically was unavoidable, as people began to see that America was "conservative", while the manipulators and brainwashers were pushing the "liberal" imitation of Communism.

A "conservative" uprising was predictable and unavoidable eight years ago. We announced it publicly five years ago.

The manipulators probably knew it 13 years ago. In any case, they prepared to do the same thing to the "liberals" and "conservatives" that they had so successfully done with the "Democrats" and "Republicans". Their technique is to "LEAD 'EM WHEN YOU CAN'T LICK 'EM!" When the crooks know there will be a reform program, they run a crook for mayor as the head "reformer". Then you can be sure the "reform" won't be fatal to your plans as a crook. The plan has worked since men first got organized into groups, but never has it been so cleverly or so subtly arranged that it wins intelligent and perceptive men, as the latest swindle by these political villains has millions of good, honest and intelligent Americans running pall-mall after Barry Goldwater, the new "IKE"!

Barry is the "Ike" of 1964, the "bone" tossed at the heels of the yapping pack of rightists by the sly Jews.

Race-mixing Record

Just how "poisoned" is that Jew "bone" tossed to the rightist "dogs" is shown by Goldwater's brazen and brutal statements, day after day, that he is 100% for race-mixing, as he told Chuck Stone, editor of the rabid Negro Washington Afro-American, in an interview.

In spite of this, Goldwater keeps the South following him around like a hungry puppy by saying the STATES ought to do the mixing. But when asked if he would use Federal troops to MAKE the states do it, he is not outdone by any leftist in his determination to use the Federal troops for the Negroes and Reds.

Goldwater has demanded that all federal funds be cut off to segregated schools and facilities! He also has the dubious honor of having attached more race-mixing amendments to federal aid bills than any other U.S. Senator. That's a matter or record!

Goldwater has never done anything to stick up for the WHITE RACE. He told me personally here in Arlington that he has ALWAYS believed in integration.

In 1938 he wrote, in discussing the Negro situation, "I've never lost sight of the thought that all man are created equal!"--a favorite quote from the liberals and the Communist Worker.

One general argument which must be disposed of concerning Barry's record, is his "Civil Rights Act" vote. "He very courageously voted against it!", I am reminded again and again.

Sure he voted against it.

Just like another Jew, Felix Frankfurter, who regularly voted "conservative" on the U.S. Supreme Court in his later years. BUT FIRST MR. FRANKFURTER MADE SURE THE COURT WAS PACKED WITH A RED MAJORITY! Then he was able to vote "conservative", time after time (as he did), to PROVE that Jews are also "rightists"! (Of course he LOST all those votes! His Red buddies saw to THAT.)

In the same manner, Barry's vote against the Civil Rights Bill didn't hurt it ONE BIT! It was ALREADY a sure thing!

At this moment, Barry is STILL a member of the coon Urban League, and was, until very recently, a loyal member and heavy contributor to the Communist-fronting NAACP!

Red Bird Watchers

One of the factors to be weighed in evaluating Mr. Goldwater is pretty nebulous. It is not the sort of evidence I would take into a court room to place before a judge. It could very well mean little or nothing. OR IT COULD ALSO BE ONE OF THE MOST VITAL FACTS IN THE HISTORY OF OUR COUNTRY! Those who are familiar with the brilliant camouflage and defense schemes of the Communists, will be able to make an intelligent decision whether or not this evidence should be weighed in the balance when we are evaluating Goldwater and his movement.

When I was commanding a Navy squadron in Iceland, in 1952, I was forced to associate for the first time quite closely with many of the people who staffed the American Embassy in Reykjavik. Many of them asked me, as a pilot, to make special flights by some islands off of Iceland to photograph the nesting areas of Arctic terns and other special birds in which they were interested. MANY OF THEM WERE BIRD-WATCHERS! I remember being quite surprised at the prevalence of this rather bizarre hobby among our State Department personnel in Iceland. I was also well aware of their Trotskyite pro-Communism, although, at the time, I drew no connection.

I next heard of bird watching during the Alger-Hiss affair. It turned out that both Hiss and his wife were avid BIRD WATCHERS! In fact, it was bird watching that nailed Hiss, because in the hearings, Hiss denied he even knew Chambers. Then Chambers sprung all sorts of complicated bird-watching information in great detail including Hiss' favorite, the Prothonotary Warbler.

Then, as more Communists began to be exposed, I discovered Henry H. Collins, Jr., a member of the infamous Ware Soviet spy cell, was also a bird watcher.

Before Elizabeth Bentley renounced Communism, she, too, was a bird watcher.

Then along came Owen Lattimore, exposed by Senator McCarthy and other hearings as one of the top men in the Council on Pacific Relations, which was riddled with Reds and spies. Lattimore was a bird watcher.

Lauchlin Currie, the proven Communist advisor to Franklin D. Roosevelt in the White House--WAS A BIRD WATCHER!

Joseph Barnes, the Commie who "ghost wrote" Eisenhower's Crusade in Europe--another bird watcher!

All of this can be documented in the Congressional hearings involved and/or in a book called The Web of Subversion, put out by the John Birch Society. (They don't draw the bird-watching conclusion, but the facts are all there.)

Over the years, I became gradually aware that there is definitely a connection between bird watching and a particular type of Commie--GENTILE Commies! No Jews!

I still do not understand the whys and hows of it, but there can be no question of some sort of connection. There are just too many Gentile Red bird watchers for it all to be a mere coincidence.

This leads up to one of the key factors in evaluating Mr. Goldwater. Goldwater has chosen William E. Miller as his vice president.

AND ONE OF THE LATEST ISSUES OF "THE NEW YORK AMATEUR ORNITHOLOGIST" REVEALS THAT NONE OTHER THAN WILLIAM E. MILLER IS THE PRESIDENT OF THE NIAGARA COUNTY BIRD WATCHERS' CLUB!

While on the subject of Miller, specifically and personally chosen by Goldwater as his running mate and possible U. S. President, it is important to remember that Miller was an eager PROSECUTOR of German patriots and soldiers who were "tried" in the dishonorable Allied lynching party at Nuremberg. (In which our fellow judges were the bloody handed Russian butchers of more than 20 million Christians!)

For what it is worth, it is also known that the Chinese Reds, the most rabid Communists in the world, along with the Trotskyites, have quietly stated their preference for Goldwater in the upcoming election!!

We now come to evidence which is, to me, absolutely incontrovertible.

After more than 10 years in the "movement", during which I have learned to predict political events based on a realistic understanding of Jewish political schemes and conspiracies--predictions which have proved more than 80 per cent correct--I have learned a whole secret "code" of the Jews and Commies in talking to each other in front of millions and millions of uninformed Goy Americans in such a manner as to understand each other completely and be absolutely unintelligible to everybody else, including many otherwise well-informed patriots.

The kindergarten course in this semantic art of the Jews and Communists includes understanding their use of the words "democracy", "freedom", "tolerance", "civil liberties", "civil rights" and all the rest of this vocabulary.

Any patriot who is aware of this secret vocabulary of the Communists will surely see that there is a principle involved here. The Jews and Commies are master of CRYPTIC communication.

The Clincher!

It is no "paranoia" to INTERPRET Communist double-talk and messages which, on the face of them, do not make sense. Whenever we see something odd, puzzling, and even irrational appearing in a Communist publication, we may be sure it is no "mistake" or "oversight". It is there for a REASON.

On July 11, 1964, the Communists on the West Coast published their regular issue of The People's

rooted sectional prejudice in the more advanced Italian region toward the backward South. There is also the girl turned prostitute to escape the mill.

A few brief glimpses establish the identity of the "other class" — the tyrannical and sadistic mill owner; the superintendents, rabbits in his presence and tigers in the mill.

Once again, a critical catalogue might be misleading, for it tends to reduce the richness of creation to a scheme, correct perhaps but barren. Such critical discomfiture is, in a sense, the ultimate tribute to the film's genius, for it does take the typical, that which is "old stuff" in the Marxist conception, and endows it with the dimsensions and substance of

in a vacuum.

The vacuum is that awful space where there is neither passion nor anger (vide—"Last Year at Marienbad") provided by the screenplay, simply Pinter showing us what fools we are. No amount of creative genius from Losey can fill the void. His camera lingers over the great park of a private estate, shows us a stylized ensemble of aristocrats (a very funny scene, taken all by itself), the empty streets of luxurious houses, the delicate useless appointments of the very rich (glass, silver, candles). The whole is staged with the precision of a fugue or a ballet and after a while you may want to shout, get on with it!

THE PERFORMANCES, approprietly, are a little larger than life, dream like. Bogarde has a wonderful vitality and for him we felt a slight twinge in the final sequence — a dolce britannia scene (sex, narcotics) where he almost succeeds in seducing the young man's fiancee only to have her hit him and escape the whole sordid mass. It is impossible, however, to feel any real sorrow for anyone. The filmmakers have made it clear —they, and we, are not worth it.

BOOKS

A gaggle of books on politics from fiction to theorizing

THE 480, a novel of politics by Eugene Burdick. McGraw-Hill Book Co., New York $5.

BALLOTS & BANDWAGONS, by Ralph G. Martin. Rand McNally & Co., Chicago. $5.95.

THE DEADLOCK OF DEMOCRACY, four party politics in America, by James MacGregor Burns. Prentice-Hall, Englewood Cliffs, N. J., $5.95.

1964 GUIDE TO CONVENTIONS & ELECTIONS, prepared by CBS News Election Unit. Dell, 50c.

POLITICAL BOOKS, fiction and non-fiction, are predictably big in presidential years.

This year the tide seems heavier than ever, perhaps because the nation gives every indication of having become more politically aware. We have reached the point where the fate of mankind can be determined in the voting booth.

This is also a time of vast change in American politics.

Mechanization, in the form of the computor, has come to politics. The science of polltaking has been advanced thereby, or maybe advanced is the wrong word.

People are being told how they are going to vote before they vote. This one aspect of politics — its mechanization — alone promises to create a whole new literature in the field. It is unfortunate that the first manifestations are opportunistically fictional.

It has been said great tasks create great tools — such as computors — and that these tools in turn make possible still greater tasks. So it's not in the nature of progress to knock computors per se.

BUT THEY typify some of the problems of change in politics, problems that are bound to become a growing matter of concern to the nation —problems that will raise increasingly the specter of astronomical and ever-increasing campaign costs.

The four books reviewed here actually have little in common outside of the fact they are all about politics. But they do represent in their totality a guide to what is new and what is unchanging on the American political scene.

Eugene Burdick's latest novel, "The 480," is all about computor politics — a subject that has long fascinated this California professor of political science. It is a very poor, a very shallow novel — a book rushed very obviously into print to catch the election year trade. More about this later.

"Ballots & Bandwagons," by Ralph G. Martin is a study of five of the greatest convention battles in American politics.

The book deals with the manner in which Theodore Roosevelt was maneuvered into running for Vice-President in 1900, the 1912 battle between Roosevelt and William Howard Taft, the Republican convention of 1920 that nominated Warren G. Harding, the Democratic convention of 1932 that nominated Franklin D. Roosevelt, and the Democratic convention of 1956 that nominated an unsuccessful Adlai Stevenson but placed John Fitzgerald Kennedy on the high road to the presidency in 1960.

"The Deadlock of Democracy," which actually appeared last year, is a scholarly study of the conflict in our government between the executive and legislative branches by James MacGregor Burns, a professor who achieved some fame as a Kennedy speech writer.

The "1964 Guide to Conventions & Elections" is a handy and informative pocket book put together by the CBS staff that tells practically everything a TV viewer (or anyone else) would want to know about a national political convention. It serves its purpose well, and nothing more need be said about it here.

You can probably tell the players without a program, but this little volume might help to settle arguments among viewers or help pass the time during the commercials.

BURDICK LOVES to write novels about his pet political theories. His first novel (published in the convention year of 1956) was based on the

BARRY GOLDWATER
the real situation . . .

theory that 10% of the voters decide elections and all a successful politician has to do is win the votes of this precise and definable 10%. It was called "The Ninth Wave," and it was a stinker.

Later he collaborated on two very successful novels, "The Ugly American" and "Fail-Safe," neither of which are likely to win any enduring fame in the annals of American literature.

The latest Burdick effort derives its title from the 480 classifications of voters into which an actual outfit called the Simulmatics Corp. has divided the national electorate. By feeding data on these types into computors it is possible theoretically to make the precise appeal to each group that will win its vote.

His plot is based on the real situation facing the Republicans this year. Burdick simply takes all the existing Republican candidates — the ones that existed before it boiled down to Goldwater and Scranton —and adds a few more of his own, mainly a building contractor named John Thatch who has all the hero attributes necessary for a 1964 model mechanized build-up.

A lot of stereotyped characters go around pushing buttons and structuring data — or whatever it is the IBM set does — and when it's all said and done we still don't know who is going to win the marbles.

It's not only a poor novel. It's an annoying one. Either because of poetic license or because he didn't know any better, Burdick, for example, has his candidate doing things in California that are utterly impossible under state election laws.

If the novel is supposed to warn against the dangers of mechanized politics it doesn't even do that very well.

Characterizations are juvenile, and there's a particularly aggravating scene where a supposedly self-controled career woman starts to come apart at the seams and gets all unstrung at the sound of a firm, male voice giving her an order. Then there's the taxicab that gets from the Cow Palace to the Golden Gate bridge in nothing flat — a device that suggests Burdick may secretly favor the proposed freeway through Golden Gate Park.

MARTIN'S BOOK, on the other hand, is fascinating. It tends to prove the truth of the old axiom that real politics are much more interesting than fictional politics.

The long section on the 1912 Republican convention that led to the Teddy Roosevelt Bull Moose movement captures the tremendous excitement and tension of that gathering. Martin's research is meticulous and provides many fascinating sidelights — such as quotes from William Jennings Bryan, who covered the 1912 proceedings as a newspaperman.

BURNS' BOOK, particularly because it is a more scholarly effort, is also considerably duller than Martin's. In fact, Burns tends to be dull. He was one of the speakers at the California Democratic Council convention in Long Beach last February and managed to put most of the delegates to that emotionaly surcharged gathering to sleep.

Burns' thesis is that we have lost control of our politics, that we have government by fits and starts, that we react to change instead of dominating it. He says we in reality have four political parties, not two. He argues both Republican and Democratic parties are divided into presidential and congressional parties.

He makes a number of challenging proposals for the breaking of the deadlock, a detailed discussion of which is impossible here due to lack of space.

Suffice to say, some of his proposals would do much to democratize the nation's politics — national rather than state control of elections, for example, to say nothing of congressional reform that would include elimination of the seniority system. He also says national parties must build grassroots memberships. He calls for mass, popular financing of campaigns as a means of eliminating the present influence of wealth and special interest.

The Burns proposals are a challenging indication that all change in politics need not be bad. Political deadlock need not be a way of life in America.

TELEVISION

Soap and slop

LOS ANGELES

MANY YEARS ago the big guys up there somewhere decided to do charity work for disabled persons (sick-a-beds and housewives) and from this philanthropy evolved Daytime TV.

There is no truth to those rumors that these were the same folks responsible for the latest issue of McCall's championing the "exquisitely useless-looking" female.

The wonders on the tube during the daylight hours never cease, and never change. Even before the proverbial bird scratches for that hapless worm, there is a parade of goodies designed to entertain the kiddies, on the theory that tots will perish of boredom in the time elapsed twixt potty and playschool.

Then it's Mommie's turn, while she sits and ponders the Real World as interpreted by the networks.

Occasionally the commercials are interrupted by a program . . . quiz shows whereby she can vicariously win furniture and food she can't afford to buy . . . re-runs of comedy shows which weren't entertaining at night . . . Art Linkletter lauding the nobility of housekeeping, chatting with Hedda Hopper and the Shah of Iran and enticing children to come forth with risque bon mots.

Highlights of the day are the slop operas, from which Mrs. America learn that if she will but follow The Guiding Light each day As The World Turns, she will emerge from The Secret Storm and discover Love of Life, if she doesn't land in General Hospital.

She finds that everyone is a doctor, lawyer, nurse, or Hallowed Housewife, that there are no financial worries, Negroes, Jews, or elections in the U. S. In fact, according to the inhabitants of prosaic Rosehill and Woodbridge, John F. Kennedy was never shot, because he didn't exist.

SHE KNOWS the dramas are realistic, because even though every family has a sweet lass bearing the child of that nice-married-man-whose-wife-is-a-witch, at least the heroine isn't like those girls in those silly teen-sex mags who conceive in a parked car or shady glade, and with a blinding flash of pain.

The most important cultural contribution is made by those nice people who tell her how to keep her sink, teeth and armpits clean, how to up-stage her mother-in-law's coffee, how to practice artful seduction with a living bra, and how to keep her family's clothes and her own mind spotless and wrinkle-free.

A secondary contribution must be noted . . . the daily grind of outstanding performances by some of Broadway's finest actors in thankless roles. This is especially unusual since these thespians are emoting under the duress of live cameras. But this is no time for a treatise on the tragedy of the artist under capitalism, is it?

EVERY NOW and then some fiction is introduced under the guise of News, and Mike Wallace gets very adult and talks about birth control. Mrs. America might wonder what happened to that peculiarly relaxed program called Calendar, which offered important information in intelligent style, and she might, in the process of viewing a nauseating piece of Girl Talk, hear something worthwhile from a blasphemer like Betty Friedan.

Other than that, Daytime TV is the local library's best commercial . . . and when Mr. America comes home and says, "Hi, Honey! What did you learn today?" his wife will say, "Nothing" . . . if she doesn't simply burst into tears.

No, the instigators of Daytime TV didn't put out that McCall's. They invented pointed-toed shoes.

World--the West Coast edition of the Communist Worker.

On page 7 of this July 11 issue of the Communist People's World, printed in the middle of a group of book reports, apparently having nothing to do with the photograph, there suddenly appears a large picture of Barry Goldwater giving the Communist salute. This photograph was made during the speech by Barry Goldwater in California and was televised. Hardly anyone noticed Goldwater giving this clenched-fist salute, but keen observers, familiar with Commie cryptic actions, noted that Goldwater looked quickly to left and right with furtive glances after making this gesture to see whether it had been observed and noted, which it wasn't.

BUT THE COMMIES NOTICED!

They printed it on page 7 of their Communist newspaper.

AND UNDER THIS AMAZING PHOTOGRAPH, THE COMMIES PRINTED THEIR CRYPTIC COMMENT, "BARRY GOLDWATER -- THE REAL SITUATION...!"!

I have no doubt this will be dismissed with a snort by the Goldwater worshipers. For the most part, they will simply refuse even to think about it.

But, in my opinion, it is vital to the survival of the United States of America for every patriot to think about this picture, where it appeared, how it appeared, AND THAT LITTLE CAPTION UNDER IT--to think harder than he has ever thought before.

WHY was this picture printed in the People's World at all? Out of the literally millions of pictures taken by hundreds of agencies and available to the People's World, why did they choose THIS picture to print?

With the many articles they have had about Goldwater, why did they not print this particular picture --and its amazing little headline in an appropriate place in an article on Goldwater? Why is it suddenly and simply dropped in, without an explanation and without reason in the middle of book reviews of almost everything else except Goldwater?

Finally, what kosher conservative will explain to me any conceivable reason or point to the little subhead under the words "Barry Goldwater ... the real situation"? (Although I think it is much less significant, there is even the little initials over in the corner, "CP". What does THIS mean?

Those three words, "the real situation ...", under a picture of Barry Goldwater giving the Communist salute, make no sense whatsoever if we go along with the theory that Goldwater is violently hated and feared by the Communists.

If we are to believe this "Goldwater is the arch enemy of Communism"-line, then we are forced to conclude that some mad editor, in collusion with several dozen other mad writers, printers, paste-up men, engravers and other workers in the Red vinyard, did all that work to drop that cryptic picture in that particular place in this Communist publication out of sheer insanity.

Do you believe that?

This deadly piece of evidence leaves us ONLY TWO CHOICES: (1) The Communists who put out the Peoples World in San Francisco are insane, incompetent and utterly unable to put a newspaper together, or (2) the Communists are quietly informing their highest echelon adepts that Mr. Goldwater is not really to be feared and is actually working with them.

As I pointed out at the very beginning of this analysis of Goldwater, the Goldwater Sweethearts Club will not listen to this evidence, much less THINK about it.

But I should think that any thinking American must be appalled at a picture of the supposed leading anti-Communist in the United States giving a Communist salute in a Communist newspaper with the headline, "the real situation ...".

What are we to do about all of this? If Goldwater IS a fake, for whom should our kind of people vote?

That question, to me, is the same one we have faced for the last twenty years. We never have had a choice before, and we have none now. The shirt-tail chasing of this kosher fake by our right-wing millionaires dumped our only real choice, George Wallace of Alabama, and we are once again faced with another phony "right-winger"--THIS TIME A JEW!

Your Vote...

To those who cannot stomach this kosher hero, I can only say the alternative is to WRITE IN THE NAMES OF EITHER GEORGE WALLACE OR LINCOLN ROCKWELL. There is no hope that either of these names will win, of course. One was deserted financially in favor of kosher Goldwater, and the other is supposed to be too "bad".

Nevertheless, a big write-in vote for either or both of these names would be a smashing blow at the enemy and would be felt.

I know two big businessmen right here in Arlington who are big Birch leaders, and who also know "the score" on the Jews and how they promote Communism. Yet these two mature and intelligent gentlemen are like two little boys in their Goldwater jackets and with their Goldwater stickers everywhere. They are good, patriotic American, but they still delude themselves that they can save themselves and America by being "nice" and working for the likes of Barry Goldwater.

Nothing can stop these gentlemen, nor the millions of others like them all over this confused America. They will have to find out the HARD way, by experience, that there is NO COMPROMISE WITH THE ENEMY WE FACE.

When Goldwater has betrayed them, as betray them he will, they will finally, at long, long last, quit putting out millions for lolly pops and sugar syrup and, at the last moment, back a FIGHT! Not until the big money in the right wing has had its belly full of kosher conservatism and Goldwaterism will it finally "take the medicine" and start on a real cure instead of whooping and yelping in front of the medicine show, the dancing girls and the heap big Jew Indian chief from Arizona.

Way back in 1959, before the meteoric rise of Goldwater, I PREDICTED, in a pamphlet called "U-2"-- THAT THE JEWS WOULD GROOM A JEW FOR THE PRESIDENCY, IN THE ELECTIONS OF 1964! (I thought, at the time, it would be Ribicoff, because hardly anyone had ever heard of Barry Goldwater back then. But the point is that the strategic situation CALLED for the rise of a JEW candidate after Kennedy's election--which I also predicted--and exactly what I predicted, based on knowledge of Jew methods, has now TAKEN PLACE. It CAN'T be an accident!)

IKE FOR BARRY!

The next thing we need to examine in the evaluation of Barry Goldwater is the "crazy" performance of IKE in the whole business.

I long ago learned that there is nothing REALLY "crazy" about enemy operations. What often SEEMS crazy is simply PLANNED that way, and always has the result PLANNED by the other side. The "crazy" operations in China, Cuba, etc., ALWAYS turn out to be PRO-Communist and Anti-American.

Had "Ike" gone all-out for Scranton or Rockefeller in the early stages, and even if he had waited until the last minute to go all out for Scranton, he could have stopped Goldwater, what with the sheep-like tendency of Americans. And even if he COULDN'T have stopped him, HAD EISENHOWER REALLY WANTED BARRY STOPPED, HE COULD HAVE MADE A GOOD TRY. But he didn't even do that. Instead, the same man who did everything in his power to destroy Joe McCarthy did everything possible to promote Barry Goldwater, short of coming out openly for him. Ike even made a "unity" speech for Barry--and "castigated" the press! Imagine!

On the face of it, Ike's actions appear sort of stupid and crazy, mixed-up. But only the uninitiated BELIEVE that "mixed-up" bit any more. There's nothing crazy about it IF IKE WANTED BARRY NOMINATED.

Once we hypothesize THAT, every single act of Ike's falls into reasonable place. He could have done nothing other than what he did.

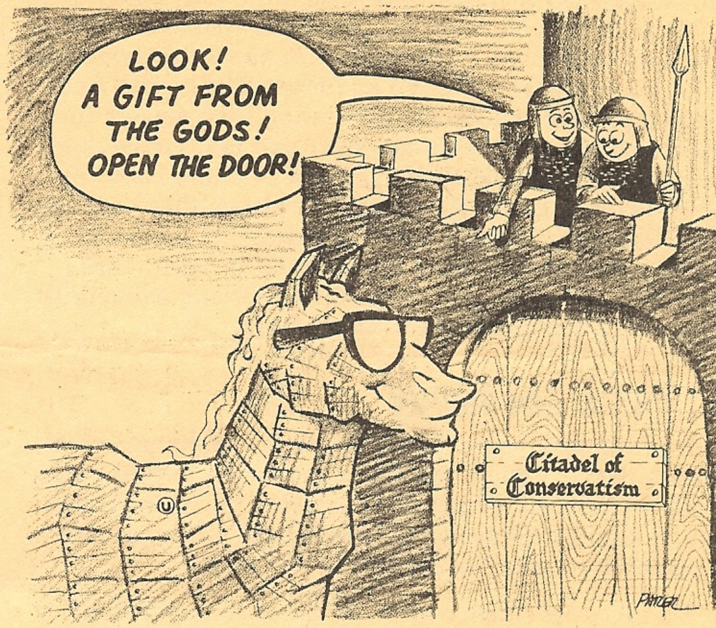
A dispassionate evaluation of the facts of Eisenhower's actions in the six months previous to Goldwater's nomination can leave no doubt in the mind of any sincere and thoughtful person that Ike made no serious efforts to stop Goldwater, and, in fact, double-crossed and loused up the only opposition to Goldwater to the best of his ability by throwing out red herrings from time to time. Goldwater apologists, who can "explain" anything in his record, will "explain" this on the grounds that Ike is getting "senile" or is "mellowing". Standard for the course in this sort of thing is to call the activities of top agents of the enemy "blundering". This is what we were told about Marshall, Ike, Truman and dozens of others whose policies amounted to treason. The brutal facts of the decline and betrayal of America show that these Red rats NEVER "mellow" or "blunder" when their actions advance the cause of international Communism; they follow a CONSISTENT pattern.

If Ike were truly senile and blundering, we may be sure he would have been hauled off the seene by the manipulators and king-makers with alacrity. Instead, Ike made a laudatory speech for Barry, worked hard to get him together with Rockefeller and the Red Republicans. Only the most naive, the most stupid, or the most emotional patriots can dismiss all of this as being without significance. If Ike is for something or somebody, it is hard for me to see how any sincere patriot can ALSO be for that person or thing. Can we afford, in the last years of our Republic, to trust leadership in a desperate situation to the man that IKE wants? We got Ike because he was the man Barry wanted. Are we now to get Barry because he is the man Ike wants?

And if IKE wanted Barry--should WE, should patriotic AMERICANS want Barry, too?

Not me! Not after I read Welch's "Politician" and know Ike's anti-American RECORD.

20th Century Trojan Horse



LOOK! A GIFT FROM THE GODS! OPEN THE DOOR!
Citadel of Conservatism

(One of the most damning pieces of evidence against Goldwater is the conduct of Ike Eisenhower. In "The Politician", there is incontrovertible proof that Ike is indeed a "conscious agent of the Soviet conspiracy".)

I believe that Ike and the "king makers" SET UP Barry Goldwater, in spite of the danger involved, as the "hero" of the right wing, so that they could then knock down the hero, sweep him away in a tidal wave of "liberal" votes and thus discredit once and for all the growing "right wing" which they fear above all things.

To do this, I suspect they will "suffer" another "attack" like Vietnam, PT boats, etc., so that we will be in some kind of "war" by November and they can all sing in chorus, "Don't change horses in midstream!"

The Johnson gang, as proved by the record (see J. Evetts Haley's A Texan Looks at Lyndon, Palo Duro Press, P.O. Box 390, Canyon, Texas), will steal and murder whenever necessary to stay in that White House.

Note the way columnists are already raving in ecstasy about "the greatest compromise in history" which Goldwater made at Hershey, Pennsylvania, and the way he is steadily moving to the left and pushing race-mixing, even though everyone admits his one chance to win is from the "White backlash"!

There is no doubt in my mind whatsoever that Johnson will be in in 1965, no matter WHAT we do. He will BUY it with his "poverty" baloney, and scare Americans with a "war", like F.D.R. and Harry, if he has to. Does any informed American doubt, that with Lyndon's HORRIBLE record, he will give up that office without every dirty play in the BOOK, including theft, murder and war?

In short, Johnson will be IN--make up your mind to that.

I will also predict that, after Johnson is elected in 1964, he will force Communism and race-mixing and corruption to such a nightmarish extent that the American people will rise up just short of revolution and DEMAND Barry Goldwater in 1968.

In '68, nothing can stop Goldwater, just as now, in '64, nothing can stop Johnson. And when Goldwater has been elected in '68, he will go to work, as Eisenhower did before him, and sabotage everything he was elected to do. (Remember how the Republican majorities in Congress melted away as soon as Eisenhower was in the White House?)

Many will answer me, "But what CHOICE do we have! It is Goldwater or Johnson! We can't survive four more years of Johnson!"

I will reply to that by reminding patriots that I have seen hearing for more than fourteen years that we have less than five years left". In 1950, Common Sense in Union, New Jersey, headlined, "RED DICTATORSHIP IN 1954!" That was the first "anti-Semitic" paper I ever saw. And I found thousands believing that. Russell Maguire used to tell everybody in his office, back when I was his assistant in 1957, "We don't have five years left". I can produce hundreds and hundreds of scare headlines from Smith, McGinley and a dozen others that this is "it", this is our last election, etc. --from twelve and thirteen years back when I began my files.

If we CAN'T survive four more years of treason and betrayal, then we CAN'T SURVIVE!

But I think we CAN. The Reds aren't quite ready yet. There are too many White, Christian Americans still not totally brainwashed who would fight.

I think the enemy figures that, too. I think they plan four years of monstrous treason and betrayal under Johnson, and then they know the people will rise up in wrath.

Knowing that, they are preparing Barry to "take over" to "clean up" like Ike was supposed to do. Nothing can stop Barry in 1968!

And with everybody relaxed in 1969, with Barry in the White House, I believe we will get the "business" as America has never gotten it. I think the enemy figures he could not possibly "take over" without an outright JEW as President. And surely he realizes that a "Harry Golden"-type Jew could never make it. Only as a RIGHT-winger can the Jews get one of their "boys" at the helm.

Not only that, but I believe that the Communist Jews and Zionists are now planning their final drive for overthrow of the government starting in 1969, one year after Goldwater is in. For this, they will need another crash such as they had in 1929. Back then the only thing that prevented Roosevelt from being the Kerensky of America and a final take-over by Bolshevism, was the providential rise of Adolf Hitler, Franco and Mussolini. The Reds had to stop their worldwide revolution long enough to go back and suppress this unlooked for last resistance. This gave us time and they have had to come back for a second round try in America. I believe they will pull off a "Goldwater depression" based on inflation and national debt and currency evaluation, in 1969, thus discrediting Republicans, conservatives and everything except outright Communists--they hope.

U.S. Nazis Are Ready

It is for this year, 1969, that I am planning every move we make. When the Red rats strike in this year, we will be the only group in America with trained men ready to exploit the enraged masses the Communists are planning to pour forth into the streets.

We are consciously building the strong political images necessary to win the ear of the masses and then their hearts when these terrible days of Red revolution descend upon our beloved America, our Republic and our Constitution.

In every country which has ever CONQUERED COMMUNISM, the job has been done NOT by "nice" groups, and the job has never been led by Jews. It has always been the work of men who were hated and reviled for being too "radical" and "wild", but who forged ahead and did the job nevertheless. In Italy it was Mussolini. In Spain, Franco. In Germany, Hitler.

There are not THREE choices with the Bolshevik monster gulping up the earth, any more than there are three choices facing a man who is seized by murderers. He can FIGHT or be MURDERED. If he fights, he might be murdered anyway. If he does not fight, he will certainly be murdered.

The Communists and the Jews behind Communism, as well as their Zionist accomplices, are not playing for marbles. They mean BUSINESS and they have almost WON. We can't beat them with more "democracy", "tolerance" and "brotherhood"--but only with fanatical, FIGHTING opposition, sparked by an IDEAL greater than that of the Communist delusions. "Conservatism", with its battle call of "back to the good old days" will never inflame our people at last to stand up and FIGHT the swine, not will the phony slogan of "100% Americanism"--which has come to mean nothing at all, or only an appeal to keep one's two cars, TV and radio-controlled lawn-mower.

Reds Fear Nazis

The Communists do not inveigh endlessly against "Nazis" and "Fascists" for nothing. THEY know, even if our "conservatives" haven't learned it yet, that there IS an ideal for which our people will FIGHT and die, once they learn what it is. National Socialism, with its UNSELFISHNESS and its RACISM will win and inflame America's masses, while reactionary conservatism will only repel them as the defense mechanism of the rich--which, in essence, it is.

For this reason, we are GLAD that Mr. Goldwater has America's "conservatives" chasing after his little Jewish shirt-tail, because HE will teach them a lesson they simply WILL NOT take from us bad "hate-men". When HE betrays them, as betray them he will, they will have NO PLACE LEFT TO TURN BUT RIGHT HERE!

When White men everywhere are under attack by Black mobs, when White Christian businessmen are driven to the wall by Jewish speculators and immoral operators, when America has gone completely "crazy" and longs for some strength to restore order, we alone will be in a position to supply that strength. Like the little pig who built the brick house, we are taking longer and suffering much to build STRONG. We will not have anything to do with a "mud house" or "straw house" of the silly little right-wing pigs who go about dancing and playing their flutes all day, while the wolf is getting ready to huff and puff.

I truly believe that we do NOT have a lot of time left. The enemy is now beginning to boast of his take-over in the years right around my long-standing prediction of take-over in 1972. Khrushchev, the Negroes and other enemies are openly aiming at 1970, '71 and '72!

In 1969, when Goldwaterism and the "straw house" it is building are discredited and blown down by the Jew-Communist wolves, we will be armed and ready in our solid brick house to blow the head off the Jew-Communist wolf who comes to eat up America.

Our gas chamber solution for the Communist traitor problem will then be an asset instead of the terrific political liability which I now accept. When Americans have finally "had it" from Jew Communism, Jew Zionism, and Jew race-mixing, they will remember what we have been preaching at the cost and risks of our lives, liberty and all creature comfort. No matter what we now suffer, jails, persecutions and the hatred of our own people in many cases, we believe the pay-off will be in 1969 when our people will be grateful we stood fast while all around us were, like the children of Hamlin, following the kosher pied piper into the fastnesses of the evil mountains of Jewish, Communist, Zionist, race-mixing betrayal.

More On "YOCKEYISM"

Our article on "Yockeyism" in a recent issue provoked a reaction beyond anything I ever expected. Part of the reaction proved one of my suspicions.

In a paper published by Dan Burros, (but significantly distributed by Keith Thompson and "Polzin" Publications, -both Weiss fronts,)- it is revealed that "YOCKEY WAS A DISCIPLE OF WEISS!"

It all adds up.

Weiss is pushing the idea that the Soviet Union is no longer dominated by racial Jews, as it "was" in the beginning", and, although they nevver come right out and SAY it in so many words, Weiss and his gang push the idea that the Russians are the REAL National Socialists, now, and far superior to "Americans", whom they openly despise and hate as culturally inferior, etc.

Skipping the "queer" bit for the moment, let us examine the FACTS of this Weissism, now going under the disguise of Yockeyism.

America is hopelessly decadent, preach these apostles, and only EUROPE holds any hope for the survival of Western culture. (They hardly ever mention RACE, --everything is always CULTURE, --typical of these parlor Nazis).

Russia is the only REAL "Nationalist" power in the "Western" orbit, and only through a military defeat of the "decadent USA" by RUSSIA can Western "Culture" be imposed on our "rotten" people . That is the exact line in "The World In Flames", by Yockey, inspired by Weiss, published by THOMPSON.

In Mein Kampf, Hitler writes movingly of how he was often tempted, when seeing the moral and cultural degradation of his people, to despise his own people and give them up for lost. But then he quickly adds he was able to see that the German people, in spite of the FILTH prevalent in their national life, were not INHERENTLY rotten, but were literally POISONED by Jewish spiritual rot.

I, too, have often felt like giving up the fight when I hear some of my own STORMTROOPERS trying to rationalize, to me, the "merit" of Jew and nigger jazz, etc, which they have been CONDITIONED to like, as Pavlov's dogs were scientifically conditioned to react in an opposite manner to their God-given natural reactions, - by brutal, scientific "conditioning", -poisoning! Whenever they have been having a "good time" in their young lives, the invariable accompaniment has been booze, nigger "jazz" and the rest of the cultural poison of our society. They thus connect these ROTTEN things with real, genuine, natural pleasure, and no amount of REASON can dislodge their addiction to this filthy Jew conditioning. Only maturity and time can help them.

The "goodness" or "badness" inherent in human beings in the mass and in the long run is always RACIAL, ---NEVER CULTURAL.

Given good human material, you can produce a master culture, sooner or later. It was the WHITE, CHRISTIAN RACE OF PEOPLE WHO PRODUCED WESTERN CULTURE, --not the other way around. You could give the Swahilis and the Watusis twenty million grand-pianos and fifty million Germans (or Russians) to teach them "culture", and they would soon enough use the pianos for fire wood to dance around, and eat the cultural instructors.

On the other hand, even the most decadent "beatnik", queer creeps in America, so long only as they are not yet racially MIXED with the Swahilis and Watusis, and so long as they manage, somehow, to have CHILDREN, --will produce potential CULTURE BEARERS, as Hitler so clearly points out.

It is RACE, and RACE ALONE which produced "Western, Christian Culture", --and to abandon millions and millions of poisoned Americans because, temporarily they are disgusting in their liberalism, nigger-and-jew-loving and their cultural decadence, is to forget everything Adolf Hitler wrote on the subject.

I will not even abandon the filthiest "cultural" example of all in our society, a QUEER, -so long as he recognizes there is something wrong in his attitudes and behavior and wants to improve.

Yet these supercilious, panty-waist, "gentlemen Nazis" of the parlor (and boudoir) have indeed abandoned THEIR OWN PEOPLE and look longingly at the "barbarian", rugged Russians as "honest Nationalists" and the "hope" of the world!!!

Hitler would have gagged just to talk to these perversions of everything for which he died.

Now I will admit that it is almost more than a perceptive, intelligent and dedicated man can bear just to live among the Jewized creatures now lionized as "ideal Americans". James Baldwin, the bug-eyed queer, Mr. Ginzburg, the "poet", Dean Rusk, the gossamer-winged "diplomat", --the whole rotten, stinking MESS is indeed REPULSIVE and disgusting!

As pointed out in the feature article herein, we have even gotten to the point nobody would have believed just ten years ago, when RIGHT wingers are pushing a JEW for PRESIDENT!

But I will NOT abandon my people. This is a great Country, still, in its RACIAL CONTENTS. Our sick-minded Weiss disciples are mostly city-ridden and ignorant of the racial jewels which exist in enormous profusion all over this bedeviled, Jewized America. In speaking all over the Country, I see the tens of thousands of BLONDE and HEALTHY physical types even in our colleges of Communism and filth. The small towns and even cities of our Middle West are ALIVE with millions of tow-headed little AMERICANS capable of greatness. They are racially PURE, still, and I intend to fight for them.

How ANY American can want to see his Country CONQUERED by Russia or anybody else is more than I can see! In my book, that is TREASON, the very thing that we are fighting! Yet Weiss, Thompson and Yockey push that idea in "World in Flames".

I suspect they see it all as a solution to the reunification of Germany, a worthy goal.

They imagine that we have lost in the West, and must look to the East for a chance to rebuild Germany.

That is a lot of garbage.

The solution lies right under their NOSES!

Russia and world "communism" is a big RUBBER bear, blown up with power from the very New York City in which Weiss operates.

Without our WHEAT, without our "Marshall plan aid", without our billions in "foreign aid" and without the DAMNABLE TRAITORS in our government who gave them the A and H bombs and are NOW giving them everything else they need and want, World Communism would COLLAPSE.

The SOURCE of the poisoning of Western Culture, (the fetish of these right-wing, sissy liberals) is NEW YORK CITY and AMERICAN JEWRY. It is AMERICAN Jew money, AMERICAN traitors, AMERICAN diplomatic pushing and AMERICAN support which keeps POISONING "European culture". Stop this filthy poison at its SOURCE, and you stop the poisoning of the whole world. Clean up a spot over THERE, while permitting the existence of the SOURCE over HERE, and you repeat Hitler's mistake, -you will find your "clean" place over-run and smashed by Jew-manipulated Americans, as we did in World Wars II and I.

But cleaning up AMERICA is a rough, dirty job requiring that one go to prison, get beaten, go to the bug-house and lose ones family and all material comfort, as we do. Eternally planning to save EUROPE permits one to pretend one is a National Socialist and following Adolf Hitler. In fact, these fakers point the finger at ME and our hardpressed FIGHTERS and scorn us as "hoodlums", damned fools, etc. etc.

Perhaps I have been unfair to Thompson and Weiss. Perhaps they are true patriots and perhaps I am even 100% wrong. If so, I am eager to be shown the error of my ways by FACTS and REASONING, --not name calling.

I am a great believer in direct confrontation. You can see in a man's EYES what you cannot see in the ink-marks he causes to be made on a paper. Let Mr. Thompson and Mr. Weiss MEET me and explain to me my errors. Let them explain why they published a book backing Castro, Nkrumah and Tito and recommending the CONQUERING of the USA by RUSSIA. Let them explain to me why I am so wicked and wrong to keep winning tens of thousands of Americans and giving them hope, while these gentlemen are writing their esoteric material and abandoning our whole people. Let them explain why they utterly ignore RACE, while pushing "culture", (like the liberals), when the very essence of National Socialist doctrine is RACE.

Let them, above all, show me what they have ACCOMPLISHED in the twenty years Weiss has been operating, (and with what funds), while we, with almost no funds, have shaken up the world, and are on our way to political success for the first time in Virginia.

Let them explain to me why Weiss and the rest of them are surrounded by JEWS. Let them explain to me what Yockey was doing LIVING WITH A RABBI who was kept in AUSCHWITZ by the National Socialists, when he was captured. In spite of the Jew lies, National Socialists know very well Hitler put ENEMIES of National Socialism and Western, Christian culture in concentration camps, not good National Socialists. And who ever HEARD of a "National Socialist RABBI".

The whole business smacks to me of the Jewish scheme to emasculate National Socialism as they have conservatism. Get it off a RACIAL basis and onto a CULTURAL basis, as they have gotten conservatism from a racial basis to an economic basis. That's the scheme.

Finally, I remain ready to retract every word I have written about Weiss, Thompson, et all, any time they FACE me and PROVE with FACTS that I am wrong.

If these gentlemen are sincere, they damned sure better start fighting for every last member of the White RACE, which built Western, Christian Civilization, as I am, and quit waving their lace-hankies at me in horror that I do not love "European culture" more than my people.
